

CONSENT TO SHARE ELECTRONIC DATA - PATIENT DECISION FORM

As a Stockport resident, you may receive care and treatment from a number of places such as your GP practice, hospital and community services who will all hold information about you. In order for professionals to provide you with the best possible treatment and support it is important for them to have quick access to the information they need, which may be held by someone else. In the past this was often done by fax, phone or post which can be slow. To improve this we have now moved to sharing information electronically. In Stockport this is via the **Stockport Health & Care Record** and the **Summary Care Record**.

The information below should be read in conjunction with the leaflet 'how information about you helps us to provide better care'.

Stockport Health & Care Record

The Stockport Health & Care Record (SHCR) brings together information from health and care services in Stockport.

The main benefit of having a Stockport Health & Care Record is that it will ensure that the health and care professionals helping you will have access to all the information they need quickly so that they can make better, more informed decisions for you.

You can be reassured that the record is kept on a secure database and never sent to organisations not involved in your care. Access to the record is restricted to professionals working within Stockport who are directly involved in your care, and is only accessed with your consent.

If an emergency situation arises timely access to your health records and medical history will ensure that the professional treating you will at a glance have a complete picture of your care in order to make the best decisions about your diagnosis, treatment and care plan. Your Stockport Health and Care record includes information like test results, medications, allergies and social care or mental health information relevant to you.

You can choose whether or not to have a Stockport Health & Care Record. If you choose to have this, you do not need to do anything, this will happen automatically. If you choose **not to** have a Stockport Health Record, please complete the following to record your decision:
